It would not be surprising to hear of this band attempting to hold up the S. P. train as at first feared. Their attempt to rob the Nogales bank and later the A. & P. holdup proved unsuscessful will fire them with de termination and make them more desperate than ever in their next attempt.

The utter disregard for human life, as shown by the robbers in the preparation of these hombs described by the Democrat, ought to appeal to the public to seciet the officers in every way possible in arresting those who are still at large.

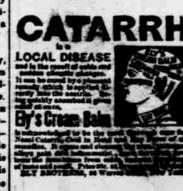

The cheerful situation of an express messenger cooped up in a car doing his duty, at the best a dangerous one with the last described bomb lighted and placed against the express car door, is especially recommended to to the consideration of anyone suffering with torpid liver.

It is earnestly hoped that the fugitive members of the band may not long be separated from their late leader, Cole Young.

sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant
